*"Pacific Auditors Working  
Together"*

# EXTRACTIVE INDUSTRY IN FIJI

- Mining – gold, copper
- Bauxite Mining
- Quarry Excavation

# FIJI'S NATIONAL DEVELOPMENT PLAN (NDP)

- NDP's focus: "A Sustainable Mining Industry".
- Future Expectations: Increase in mining activities
  - 8 mining leases currently being monitored
  - 78 exploratory licenses issued
- Development: licenses include offshore oil exploration and geothermal exploration to support renewable energy production

# WGEI – SAI FIJI

## Work in progress by SAI Fiji

- Preliminary research of the present extractive industries in Fiji and the PASAI region.

## What we intend to achieve:

- Gain a better understanding of extractive industries in the PASAI region with regards to the seven value chains.
- Share information with WGEI.

OFFICE of the AUDITOR GENERAL  
Republic of Fiji

# SAI(FIJI) – ACTIVITY 2 PROMOTING INFORMATION SHARING

## Way forward:

- Increase the number of SAI's in Activity 2.
- Compliance audit – translate.
- Co-operative audit.

## Discussion:

2.0 Promoting information sharing in Extractive Industries	
i. Providing SAIs' relevant audit reports to secretariat	Requested audit reports provided
ii. Translating audit reports	Open data format and machine readable
iii. Issue newsletters quarterly and loaded as blogs	Newsletters are issued quarterly
iv. Compilation and uploading of relevant tools and resources (including a web-based E.I. Audit Toolkit)	Relevant tools and resources uploaded
